

The MINISTAR pump works well with both the [LWCCs](#) and the [LWCC Injection System \(89372\)](#).

## LWCC

The image below shows a typical setup with an LWCC. You see the sample injector kit ([58006](#)) and the MINISTAR pump connected with a [Liquid Waveguide Capillary Cell](#) (flow cell).

## LWCC Injection System

The [LWCC Injection System \(89372\)](#) works well with a MINISTAR pump as shown below.
